## Professional Summary

I am a passionate Full-Stack Web Developer with over 4 years of experience building scalable and performant web applications. Skilled in React, Node.js, TypeScript, HTML, CSS, Bootstrap, JavaScript, PostgreSQL and MySQL, I deliver clean, maintainable code and drive projects that improve user experience and efficiency.

## Professional Experience

### Front-End Developer Intern, White Creativity

Jan 2021 – Jun 2021

Completed White Creativity's Front-End Developer certification program, mastering HTML5, CSS3, and modern JavaScript frameworks.

Collaborated on internal prototype websites, translating UI mockups into responsive, accessible pages.

### Full-Stack Developer Trainee, CPN Program

Nov 2024 – Feb 2025

Selected for the Certified Professional Network (CPN) fellowship, covering Node.js, Express, React, and relational databases.

Built and deployed a full-stack blog application as a capstone, integrating user authentication and CRUD operations.

### Back-End Developer Intern, JodnaTechnologies

Mar 2025 – Present

back-end development for enterprise solutions using Node.js and PostgreSQL.

### Independent Projects & Client Work

**CPN Program Website:** After demonstrating initiative, was entrusted to design, build, and deploy the program's public site end-to-end.

**Academic Projects:** Developed several full-stack applications for final-year coursework, including inventory management and scheduling tools (local deployments).

## Core Skills

JavaScript  
TypeScript  
React  
Node.js  
Express  
HTML  
CSS  
Bootstrap  
MySQL  
PostgreSQL  
Git
